Steve Owen, MD, FRCSC
Secretary-Treasurer

April 20, 2011

I wish to invite your company to attend our 51st Annual Meeting of the Atlantic Society of Obstetricians & Gynecologists, to be held in Charlottetown, PEI September 22nd to 24th 2011. We will again have a stellar Scientific Program developed over the next few months by Dr. Martha Mills. Our President this year is Dr. Krista Cassell.

Our Preliminary Program will appear on our web-site in May 2011. This invitation will allow you to set the date aside, and include us in your planning for 2011. Kindly call me or email to let me know to whom I should send the Sponsors Package.

We will again be putting together a first-rate Social Program, to which all our Sponsors are invited, allowing you to get to know us better. We expect about fifty to sixty of our members to attend, and guarantee excellent access throughout the meeting.

I look forward to seeing all of you again in September 2011. Your presence as an Exhibitor is always welcome, as it is your support that allows us to continue to offer our members a quality educational program.

Best regards,

Steve Owen, MD, FRCSC
