April 29, 2010

The Atlantic Society of Obstetricians & Gynecologists was founded in 1961 to advance the art and science of our profession. Our members number about one hundred and fifty, and cover the four Atlantic Provinces. Each year one province hosts the Annual Meeting of the Society. This comprises two days of scientific presentations and the business meeting. In between these endeavors we have some fun. Our President this year is Dr. Ed Reardon. The meeting is at the Hilton Hotel in Saint John, NB from September 23th to 25th.

The Society invites Sponsors to our meeting to cover the costs of the scientific program. This is in the form of a grant restricted to supporting the expenses involved in bringing in speakers, renting meeting space and other costs involved directly with the educational component of the Annual Meeting. The members contribute to the Social aspect of the meeting which also gives the various pharmaceutical and instrument company representatives an opportunity to meet our members and members-to-be, and take part in the various activities over the weekend.

I am hereby requesting your support at this year's conference. Your participation will enable us to continue our long tradition of excellence in medical education, involving speakers from various parts of the country.

Thank you in advance for your consideration. We look forward to seeing you in Saint John in September.
